

## WILSON AIDS SCHOOLS.

WASHINGTON, Oct. 8.—The President has approved a bill which will aid the schools of the United States. The bill is known as the "National Education Act." It provides for the establishment of a National Education Commission, which will be composed of representatives from the various States and the Federal Government. The commission will be charged with the duty of investigating the needs of the schools and recommending measures for their improvement. The bill also provides for the establishment of a National Education Fund, which will be used to defray the expenses of the commission and the schools.

## NAVY MEN TO ASK \$5,000,000 PLANT FOR EXPERIMENTS

Consulting Board Advises It to Secure Secrecy and Minimum of Red Tape.

PUT UP TO CONGRESS.

Great Laboratory for Scientific Work Would Cost \$2,500,000 a Year.

WASHINGTON, Oct. 8.—Congress probably will be asked to appropriate \$5,000,000 to carry out the suggestion of the Naval Consulting Board for a great secret plant where navy experts and the inventors and scientists of Secretary Daniels' advisory board can carry on their work.

If the suggestion of the advisory board is put into effect this country will have the greatest laboratory in the world for war experiments.

The next meeting of the board will be in New York on Dec. 8. Chairman Thomas A. Edison and most of the members have left Washington, following their organization meeting yesterday.

The laboratory suggestion calls not only for a \$5,000,000 plant, but about \$2,500,000 to \$3,000,000 a year for its maintenance. This will be a necessity, the board declares, in order to make the work of the civilian scientists effective. The plan is to have the plant on tidewater, near but not in some large city. The works would be surrounded by a wall and constantly patrolled by armed guards; visitors to be forbidden.

MINIMUM OF RED TAPE IS ONE THING DESIRED.

Under the plan recommended, staffs of civilian experimenters, chemists, physicists and other scientists would be constantly engaged. Each scientist would have his own corps of expert assistants, with shop facilities, and a minimum of red tape.

The proposed laboratory will contain a motion picture developing department, mechanical and wireless and explosives laboratories and complete draughting rooms.

The laboratory plan was devised by a committee consisting of Thomas A. Edison, Chairman; Dr. W. H. Whitcomb, L. H. Backlund, R. C. Woodward and H. E. Coffin.

The committee, assisted by the naval experts, deliberated for several hours, finally reaching a harmonious agreement on the various essential elements which should enter into the proposed laboratory.

At the morning conference the new body was permanently organized, with Mr. Edison as Chairman. The other officers chosen were: Peter Cooper Hewitt of New York, First Vice Chairman; William L. Saunders of Plainfield, N. J., Second Vice Chairman; Thomas Robins of Stamford, Conn., Secretary; M. R. Hutchinson of Orange, N. J., Assistant to the Chairman.

NAVAL CONSULTING BOARD IS OFFICIAL NAME.

The Naval Consulting Board was the name chosen by the members

and formally entered on the minutes of the meeting, which was held in closed session.

A list of the sub-committee follows: Chemistry and Physics, Aeronautics, including internal combustion motors, electrical, torpedoes and

Naval Submarine, Ordnance and Explosives, Wireless and Communications, Transportation, Production, Manufacture and Standardization, Ship Construction, Marine Engineering and Ship Propulsion, Life-saving Appliances, Foods and Sanitation, and Aide to Navigation.

MISS TRIPP TO WED.

Engagement Announced in Effort to Establish of This City.

Mr. and Mrs. Gus E. Tripp of New York City are announced

to be married on Wednesday, October 14, at 10 o'clock, at the residence of the bride's father, Mr. and Mrs. A. J. Tripp, of No. 11 East 84th Street. The date of the wedding has not been announced. Mr. Tripp is a graduate of Wellesley College and was introduced to society in Boston, the former home of his parents.

## WHITMAN FOR SUFFRAGISTS.

Wife Says Governor Will Work for Women's Suffrage.

TRUCK, N. Y., Oct. 8.—Mrs. Charles A. Whitman, wife of the Governor, was the principal speaker at a Women's Suffrage meeting in Chelsea yesterday. She assured representatives of the suffrage movement that the Governor would work and vote for the proposed constitutional amendment to come before the voters at the coming election giving women the right to vote.

## WILLIAMS'S ESTIMATE UNDER LAST YEAR

Water Commissioner Requests \$6,000,000—Cheaper Lighting in City Buildings.

IN AN estimate for 1916 Commissioner Williams of the Department of Water Supply requests a budget appropriation of \$6,000,000, which is \$700,000 less than was asked for last year.

The department gets its funds from three sources, the budget, corporate water and water revenue. The total of all requests for next year is \$8,725,000, which is \$200,000 less than was allowed for this year. Commissioner Williams proposes cutting down the cost of street and public lighting to \$40,000. On the other hand the estimate of lighting in Brooklyn is \$40,000 over the former budget allowance. There is an increase of \$50,000 for Queens and a decrease of \$10,000 for Richmond. The Commissioner also expects to reduce the cost of lighting public buildings in all boroughs.

## DANDRUFF MAKES HAIR FALL OUT

25-cent bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in few moments.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and ragged, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advt.
